August 19, 2002

Dear

Thank you for contacting Ocean Spray regarding Ocean Spray® White Cranberry Juice Drink.

Gluten is a protein found in four grains: wheat, barley, rye and oats. Natural flavors may be in a grain alcohol base, so you may find trace amounts of gluten in those products that have natural flavors on the ingredient statement. The following Ocean Spray® products are gluten free: Cranberry Juice Cocktail, Ocean Spray® Cranberry Juice Cocktail CALCIUM, 100% Orange Juice, 100% Apple Juice, 100% White Grapefruit Juice, Cranberry Sauce and fresh cranberries. If you have a particularly acute sensitivity to gluten in foods we suggest that you consult your physician for his recommendation.

Please let us know if we can be of further assistance.

Sincerely,

Jean Bartlett
